YOUR SCHOOL'S BENEFITS

- ▶ Reinforce the part your school playing your community
- ▶ Protect your students and staff on their journey to and from school
- ▶ Legacy funding is available through our partnership to keep kits active

HOW DO THE KITS HELP

These emergency 24/7 public access bleed kits are designed for the untrained public to stop catastrophic bleeds when a student or member of the public suffers an injury. This injury can be the result of...

- ▶ **Large Cuts:**
Accidents involving sharp objects like knives or broken glass can lead to severe bleeding.
- ▶ **Accidents in Sports:**
Sports can sometimes result in serious accidents, causing significant injuries and heavy bleeding requiring immediate first aid.
- ▶ **Falls or Crashes:**
Whether it's a bike fall or a car accident, major wounds are common and often need urgent care.
- ▶ **Animal Bites:**
Bites from animals such as dogs can create deep, bleeding wounds requiring a Bleed Kit.
- ▶ **Severe Injuries:**
Injuries from heavy objects falling or accidents with tools can cause serious bleeding.
